- NC has total 15,516 confirmed cases, across 99 counties, with 596 deaths. Our state currently has 6,401 active cases and 475 hospitalizations.
- Beaufort County has had a total of 25 cases, with 2 currently active. Seven (7) of our positive cases were asymptomatic. (Meaning they experienced no COVID-19 symptoms.) Contact tracing of these known cases have concluded:
 - (7) case was contributed to direct contact with a known patient from another county.
 - (2) cases were related to travel to a known outbreak area.
 - (15) cases are attributed to community spread.
 - (1) case is still under investigation.

All active cases are self-isolating.

- Eastern NC counties with total confirmed cases include: Bertie (67), Beaufort (25), Bladen (60), Brunswick (51), Carteret (35), Camden (2), Chowan (11), Columbus (213), Craven (57), Currituck (9), Dare (21), Duplin (266), Edgecombe (156), Gates (11), Greene (37), Halifax (96), Hertford (51), Hyde (1), Jones (20), Lenoir (124), Martin (33), New Hanover (117), North Hampton (123), Onslow (58), Pamlico (8), Pasquotank (82), Pender (39), Perquimans (19), Pitt (178) Sampson (170), Tyrrell (4), Washington (25), Wayne (755) and Wilson (216). Mecklenburg (2,148), Wake (1,061), and Durham (897) counties have the most cases.

NC Recovery Statistics

NC DHHS released the following statement today pertaining to the number of “recovered” case within our state.

“COVID-19 Patients Presumed to be Recovered

Updated May 11, 2020

Patients Presumed to be Recovered = 9,115

The estimated number of patients presumed to be recovered from symptoms from COVID-19 is used in combination with other measures to provide a general sense of how many people with COVID-19 have likely recovered from symptoms.

North Carolina Department of Health and Human Services (NCDHHS) estimates a median time to recovery of 14 days from the date of specimen collection for non-fatal COVID-19 cases who were not hospitalized, or if hospitalization status is unknown. The estimated median recovery time is 28 days from the date of specimen collection for hospitalized non-fatal COVID-19 cases. Estimates are used since patient-specific data on the actual time to resolution of all symptoms are not available for all COVID-19 cases in North Carolina.

It is important to note that patients’ actual recovery times could be shorter or longer depending on the severity of illness. This interval was chosen based on World Health Organization (WHO) guidance, and in consultation with Centers for Disease Control and Prevention (CDC) and other state health departments. A median recovery time of two weeks from illness onset for mild cases and three–six weeks for patients with severe or critical disease was reported by WHO.

These estimates are unrelated to the number of cases that are or are not still infectious.

These estimates cannot account for other factors that could impact a patient's recovery time or disease severity, such as age and underlying health conditions. These estimates do not measure the amount of natural immunity to SARS-CoV-2, the virus that causes COVID-19, in the population. Doctors and scientists do not yet know if patients who have recovered are protected with natural immunity from getting COVID-19 again.

These data will be updated every Monday by 4 p.m.”

Please Remember and Practice “The 3 Ws”

Wilkes Communications/ Riverstreet Networks Installs Free Wi-Fi Hotspots to the Community

Wilkesboro, NC, March 26, 2020 - Wilkes Communications/Riverstreet Networks is committed to the well-being of our customers, our employees, and our community. As we continue to actively monitor developments related to coronavirus (COVID-19) we want to assure you that we are taking all necessary health and safety precautions in accordance with the CDC (Centers

for Disease Control and Prevention) and local and state health officials for our customers, employees and the community.

We are dedicated to serving our valued customers and ensuring they maintain reliable access to the online resources and information they want and need. To ease the strain in this challenging time, we have opened several Wi-Fi hotspots in the communities we serve. We currently have over 100 free Wi-Fi hotspots at 70 locations in North Carolina and Virginia. This will enable students and employees who may not have internet access to be able to complete coursework and work remotely. This free service can be accessed from the safety of your vehicle. Please visit wilkes.net or myriverstreet.net for a listing of our hotspot locations.

Wilkes Communications/RiverStreet Networks would like to thank the businesses for allowing us to install this equipment on their premises. This partnership illustrates how much they care about their community and its well-being. Our network and communications services are crucial to the people we serve in not only keeping them informed but allowing the social distancing required to slow down the spread of the virus through the population.

Our communities, our country, and our world are resilient places. Together, we'll see our way through this situation and be stronger because of it. Thank you for helping us all stay healthy. Free Wi-Fi access can be found at the following locations within Beaufort County:
